

OUR COMMITMENT TO SUSTAINABILITY

Our sustainability vision is to create leading examples of sustainable urban renewal by adopting three key sustainability objectives:

1. Achieving sustainable design excellence;
2. Developing community legacy; and
3. Enhancing the local natural environment.

Furthermore, RDA is committed to meeting leading sustainability benchmarks. Our proposed sustainability targets, which sit under our three key pillars Environmental, Social & Governance (ESG) objectives are tabled below.

 <p>We design and create efficient buildings with unprecedented quality</p>	 <p>We are an active part of our community</p>	 <p>We act responsibly, ethically and lawfully</p>
<ul style="list-style-type: none"> • We strive for premium indoor environment quality by maximizing natural light and promoting cross-ventilation • We optimize the building envelope (including shading, insulation and glazing) to create warm, comfortable living spaces in winter and direct heat gain in summer • We strive to improve and enhance water conservation and renewable energy sources • We source responsible, environmentally certified materials to minimize the impact of our development • We assess and evolve building practices to optimize consumption and production 	<ul style="list-style-type: none"> • We provide legacy spaces for the local community to enjoy • We promote recycling through direct community engagement • We make economic contributions to society through investment, taxes and employment • We collaborate with non-for-profit charities to support the local community through donation 	<ul style="list-style-type: none"> • We educate and promote personnel development through real-world experiences • We encourage and promote innovative thinking • We believe in equality and inclusion within our team and the teams of our working partners

OUR COMMITMENT TO UN SUSTAINABLE DEVELOPMENT GOALS

In addition, we are committed to aligning our processes and performance to determined UN Sustainable Development Goals (UN SDGs).

OUR COMMITMENT TO ESG RISK MANAGEMENT

At RDA, we view the consideration of Environmental, Social and Governance (ESG) factors as an essential and key driver of the way we conduct our business. Whether we are managing ESG-related risks or working collaboratively to effect positive change within our communities, we seek to run our company with the utmost responsibility for the benefit of all of our stakeholders.

We have adopted the world-leading Sustainability Accounting Standards Board (SASB) framework to identify potential ESG risks for our business and developed a strategy to address and mitigate each risk. We are committed to world-best-practice ESG risk management to ensure our property developments and business operations are de-risked to the highest international standards.
